Protect yourself from Coronavirus and other viruses that can make you sick!

**Wash Your Hands**

Wash with soap and water for at least 20 seconds.

or

Clean with alcohol based hand sanitizer.

**Cover Your Cough**

Cover your mouth and nose with a tissue when you cough or sneeze.

Dispose of tissue after one use!

or

Cough or sneeze into your upper sleeve, not your hands.

Avoid touching your face, mouth or eyes.

**Feeling Sick?**

If you are feeling sick, stay home and consider getting medical attention, as soon as possible.

For current information on this matter you can call the Novel Coronavirus Hotline at 1-888-364-3065 or visit: https://health.ny.gov/diseases/communicable/coronavirus/
Share Facts About COVID-19

Know the facts about coronavirus disease 2019 (COVID-19) and help stop the spread of rumors.

**FACT 1**
Diseases can make anyone sick regardless of their race or ethnicity.

People of Asian descent, including Chinese Americans, are not more likely to get COVID-19 than any other American. Help stop fear by letting people know that being of Asian descent does not increase the chance of getting or spreading COVID-19.

**FACT 2**
The risk of getting COVID-19 in the U.S. is currently low.

Some people who live in or have recently traveled to places where many people have gotten sick with COVID-19 may be monitored by health officials to protect their health and the health of other people in the community.

**FACT 3**
Someone who has completed quarantine or has been released from isolation does not pose a risk of infection to other people.

For up-to-date information, visit CDC’s coronavirus disease 2019 web page.

**FACT 4**
You can help stop COVID-19 by knowing the signs and symptoms:
- Fever
- Cough
- Shortness of breath

Seek medical advice if you
- Develop symptoms
AND
- Have been in close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

**FACT 5**
There are simple things you can do to help keep yourself and others healthy.
- Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing; going to the bathroom; and before eating or preparing food.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Stay home when you are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
